Approved “About Monetary” paragraph for press release and external materials.

Last updated: October 2026

How to use: Place this paragraph, verbatim, under an “About Monetary” heading at the end of press releases and announcements. Please do not edit or shorten it; for shorter descriptions, use the approved company descriptions. Use “Monetary (formerly DebtBook)” on first reference and “Monetary” thereafter. Product names: Monetary TMS, Monetary Markets, and Marty, Monetary’s AI analyst.

About Monetary

Monetary is the most sophisticated treasury platform—built for government and nonprofit finance. Monetary TMS unifies debt, cash, and investments in one system of record, connected to the accounting and policy standards public finance teams are held to. Monetary Markets is being developed to extend that foundation to the bankers and advisors who serve them. Marty, Monetary’s AI analyst, is designed to work across Monetary TMS and Monetary Markets, answering questions in plain language and helping prepare analyses and materials, with answers traceable to source information and users reviewing and approving the work. Over 2,000 government and nonprofit organizations run on Monetary, representing \$600 billion in managed par. Learn more at MonetaryHQ.com.
